

Dear Fellow SASS shooters and more important Range Officers,

We will do a Range Operations Basic Safety followed by the CAS module on Monday 13-07-2026 at DOT 2026 in Domaniža.

Please register by sending an E-mail to dutchbear@delta.nl, payment is in cash at the course (€25 for ROBS and €5 for the CAS module).

Course materials can be found online at <https://www.sassnet.com/student-course-materials> but will be available at the course in print.

SASS has changed the courses for range operations, the new structure is:

Range Operations Basic Safety

The base course (you do this once and can do CAS or WBAS modules without going through the whole course again)

CAS Module	Cowboy action shooting part
WBAS Module	Wild Bunch Shooting part

With the above new schedule the "old" RO1 and RO2 are no longer, therefore there are no refreshers given, everyone has to do the complete new course.

The course will be held in English with the possibility to explain in German (maybe French), but basic knowledge of the English language is required (there simply isn't time to translate everything).

Best Regards,

Dutch Bear
AKA Ramon Oost
